Welcome

TO THE JANUARY EDITION OF BLUE HORIZONS

Happy New Year and a big welcome to 2025, which is an exciting year for ROL Cruise. This year we will be celebrating 30 years of inspiring you, and bringing you exceptional offers, exclusive deals and much more. We celebrate some of our key achievements in 2024 and look forward to the future on pages 10-11.

In this New Year edition of Blue Horizons we are thrilled to bring you bucket list destinations and once-in-a-lifetime experiences, such as Australia and Fiji, featuring the Great Barrier Reef and, on its first day on sale, our exclusive Machu Picchu adventure with a relaxing Caribbean sailing. Then of course there's an opportunity to visit Japan in the stunning Cherry Blossoms season.

We would also like to draw your attention to the many no-fly sailings on offer. On pages 4 - 7 Ambassador offer the 2nd guest sailing for half price and on pages 20 - 21 Cunard are offering triple on board credit, imagine the memories you could create with the extra spend. If you

struggle with luggage restrictions on flying, like we do, no-fly cruising is a perfect option for you, there are no restrictions on how much you can take!

On pages 22 - 23 you can read about Blue Horizon team members Amber and Sophie and their recent bucket list experience in Antarctica and why everyone should go.

Whether you are looking for a once in a lifetime voyage or perhaps a relaxing cruise to whisk you away to warmer climes, we hope you manage to make the most of these wonderful offers we have for you this January.

Happy Cruising!

Rosie and Sarah

CELEBRATING OUR ACHIEVEMENTS IN 2024

Such an eventful year in 2024 is the perfect build-up to our 30th anniversary celebrations in 2025. It promises to be a year-long celebration of achievements and future ambitions. We hope you will continue to join us for the exciting months ahead.

IN PARTNERSHIP WITH more trees

Together we have planted over 26,000 trees!

In 2024, we partnered with More Trees, an initiative that fights climate change by supporting global tree planting. Every time you book with ROL Cruise, we'll plant a tree. We are delighted to announce that so far, over 26,000 trees have been planted! That's over 43,500 tonnes of future CO₂ captured. If you would like to learn more, please visit www.rolcruise.co.uk/more-trees

Love Paper is a global consumer campaign promoting the sustainable and attractive attributes of print, paper and paper packaging. At ROL Cruise we only use paper that has been sourced from sustainable forests and are therefore proud to support the Love Paper campaign.

Did you know?

- + 60% of people believe European forests are shrinking – in fact, they're growing by an area equivalent to 1,500 football pitches every day
 - + Only 18% believe the European paper recycling rate is above 60% – it is actually 71% (the highest of any material in the world!)
 - + 56% believe e-communications are more environmentally friendly than paper communications
- Visit www.lovepaper.org to find out more

ROL CRUISE BECOMES EMPLOYEE-OWNED!

ROL Cruise was excited to announce its transformation into an Employee Ownership Trust (EOT), granting a majority stake of the company to its dedicated staff. This significant milestone marks the beginning of a new era for the business as it enters its 30th anniversary in 2025. We received some fantastic feedback from our customers following the announcement: *"As a customer I just wanted to say many congratulations to you and the team on this momentous step in the journey becoming an employee-owned business, the benefits are tremendous, and I'll enjoy future cruises booked with ROL even more given the fact that I now know I am spending money with a fellow employee-owned business."* *"ROL is a great example of how to look after people/customers and it is no surprise to learn of the recent decision to make it an employee owned/based organisation"*

ON THE BALL

We've sponsored the following football teams:

- + Coplestonians Tigers under 9's
- + Capel Plough under 12's Girls
- + Oyster FC under 12's
- + Coplestonians Leopards under 12's

+ We were delighted to donate **£9,000** to the Poppy Appeal in 2024. This brings the total of donations over the years to **£44,000!** A spokesperson from the Royal British Legion said, "A huge thank you to ROL Cruise for another incredible donation to this year's Poppy Appeal. The money you have raised will make a huge difference and is much appreciated."

CHARITY DONATIONS IN 2024

Thank you for being a key part of our mission to support charities in 2024 – your help is making a real difference! Here's a round up of what we achieved...

This year we were thrilled to donate **£19,760** to Macmillan Cancer Support through our annual coffee and cake morning event, raffle and Christmas jumper day.

A day in the life on board an Expedition Cruise to Antarctica

As we go to print, ROL Cruise team members Amber and Sophie are currently on board an Antarctic Expedition with HX. Here's how their expedition to the seventh continent has gone so far...

"the vistas were breathtaking, with calving glaciers surrounding us, along with smooth mirror-like waters dotted with icebergs"

"We feel very lucky to have experienced such an unbelievable part of the world"

"Drawing back the curtains, we soon found that we had arrived into Bjorgen Bay, next to Anvers Island on the Antarctic peninsula. Despite the overcast skies, the vistas were breathtaking, with calving glaciers surrounding us, along with smooth mirror-like waters dotted with icebergs and ice-floes alike. Today, we were hoping to embark on both a zodiac tour of the harbour and a landing at Damoy Point. We had been allocated our boarding group the day before (Group 9 Harp Seals) - this helps to know when you're expected to head down to the Expedition Launch Area.

We rose for breakfast at 8am in the Aune restaurant, awaiting our group to be. The ship separates all guests into groups so as to manage landings, and these groups will be called on a rotating system, so if you're called last one day, you'll be called first another. The HX Travel app advised that we should be called at 10:15 (if the weather remained on our side). We spent some time enjoying spotting wildlife from the large windows of the restaurant - seeing penguins swimming next to the ship, as well as a few surfacing whales. As we approached 10:15, we headed back to our cabin to kit up - putting on lots of layers, the waterproof boots that HX provide, along with our lifejackets, and made our way down to the Launching Area.

Our first order of the day was a zodiac boat cruise around the bay - each zodiac seats around 10 guests along with a member of the Expedition Team. We set off on an unforgettable journey around the bay in search of wildlife (we were lucky enough to see a lonely penguin adrift on an iceberg, along with a humpback whale and her calf!). We also were lucky enough to witness an iceberg turn over! This was a truly amazing experience, the peace and serenity you experience is quite unlike anything else.

We headed back to the ship for a spot of lunch in the Fredheim Restaurant (where you'll find casual bites such as pizzas and burgers), we were set to join a 'science boat'. On embarkation, you can sign up for the science boats in the Science Centre where you can actively take part in scientific experiments. We were accompanied by a geologist

and a marine biologist, who took us back out in a zodiac to conduct an experiment observing the volume of plankton in the area, and collecting specimens which we could review once back on board. This was such an amazing, interactive experience that we would recommend for any who want to immerse themselves in the science on board!

Due to the timing and the good weather, we set off straight to Damoy Point where we were able to go ashore. Antarctica is incredibly remote, so we had to slide down from the zodiac into the water and walk to the beach - all part of the experience! The Expedition team are on hand for all parts, so you do feel truly looked after.

On shore, we spent time exploring the area that the Expedition Team had inspected ahead of time (to make sure we had a safe, and amazing experience). Walking in the deep snow is tough, but incredibly rewarding, plus HX provide trekking poles. We walked up to an amazing vantage point for panoramic views over the bay, and also walked past two penguin rookeries (December is the time for nesting and hatching so we did see some future penguin parents!).

Back on board we headed to the Explorer Lounge to recount all we'd seen. Once the samples that we had collected earlier had made their way to the ship, we headed to the Science Centre to observe the phytoplankton we had collected under the microscope. It was incredible to see this through from start to finish.

At about 7pm in the lecture hall, the Expedition Team go through the plan for the next day, and you'll get your timings for your group for the landings (weather permitting). After dinner, there's free time to enjoy the views in the Explorer Lounge, or even a dip in the hot tub!

We feel very lucky to have experienced such an unbelievable part of the world with HX Expeditions."

Amber Bellinger, Marketing Team & Sophie Epsom, Sales Team

FREE TWO NIGHT 4★ HOTEL STAY IN TOKYO

WITNESS JAPAN IN CHERRY BLOSSOM SEASON

Uncover Tokyo

With a **FREE** two night hotel stay, you'll never forget a visit to Tokyo. Capital of Japan, this is a city where you'll find centuries-old culture jostling for a position next to cutting-edge technology – a fabulous blend of history and modernity that has to be seen to be believed. Close to the Yoyogi Park is the Meiji Jingu Shrine, established in 1920 and dedicated to Emperor Meiji who helped to open Japan up to the West. At the main shrine buildings, you may show respect by bowing twice, clapping your hands twice, making a wish then bowing once more. You may be lucky enough to catch a traditional Japanese wedding procession. Be sure to share in the people of Tokyo's love of food. The city's dining scene is vibrant and cosmopolitan and has a strong culture of eating out. Though sushi is of course popular, Ramen is their passion. Before you leave, get a feel for Tokyo's natural beauty and head to Yoyogi Park, where cherry blossoms are resplendent in spring.

YOUR ADVENTURE HIGHLIGHTS

SYDNEY
Sydney is one of the world's most exciting, must-see modern cities. Home to the famous Harbour Bridge and Opera House – two of the most iconic cityscapes on Earth – the capital of New South Wales has a visual wow factor that most other cities can only dream of. The imposing Darling Harbour is the hub of waterside life, with the revered Royal Botanic Garden nearby. For the more adventurous, Sydney Tower's outdoor platform, the Skywalk™, offers 360-degree views of the city.

MYSTERY ISLAND
This tiny, uninhabited inlet, originally named Inyeug, is located at the southernmost end of the Vanuatu archipelago approximately half a mile from the mainland, Aneityum Island. Used during World War II as an airstrip for the allied forces, it was dubbed "Mystery Island" because its location prevented the Japanese from seeing it from the water, making the appearance of allied planes a "mystery." With its white-sand beaches, swaying palm trees and spectacularly clear waters, Mystery Island still holds the allure of a secret oasis. You are greeted upon arrival by live music wafting through the air and a colourful marketplace with rows of stalls selling everything from handicrafts to local treats. For the adventurous, aquatic activities, snorkelling, kayaking and stand-up paddleboards beckon, while a glass-bottom boat offers a more sedate and drier way to enjoy the Technicolor marvel of the surrounding coral reef. Round out your visit with a trip to a nearby cultural village to learn more about the traditions and customs of island life.
