1. How many complimentary shore excursions will you receive on a Silversea voyage?
2. Your butler will prepare a bath for you after a long day ashore, but on which ships will you receive the enhanced Otivm Bath Experience?
3. Silversea offer a unique culinary programme called S.A.L.T., but what does it stand for?
4. In your suite, you can tailor your mini bar to your individual tastes, free of charge - is this true or false?
5. Silversea have an impressive crew-to-guest ratio of nearly 1:1 - can you tell us the exact ratio on board *Silver Nova*?
6. On a Grand Voyage with Silversea you will benefit from exclusive included events. On a trip to South America, there are two! Can you name them both?

# The Silversea Experience

Silversea are committed to making your voyage unforgettable. Defining ultra-luxury and exceeding passengers' expectations with every voyage, Silversea cruises offer extraordinary

worldwide journeys taking passengers to some of the most mind-blowing corners of the world in style. Exuding glamour, Silversea is the cruise line of choice for many well-travelled cruisers who look for the very finest in life, yet still yearn for that unique personal experience. A Silversea cruise is akin to residing on a private yacht but with all the provisions and exquisite service of an indulgent ultra-luxury voyage.

## 30 Years Of Ultra-Luxury

Three decades ago Silversea set off on a pioneering journey to create the finest travel experience at sea. Thirty years just sailed by as they pushed experiential travel to the limit, both on land and at sea. Their newest Nova-class vessels take innovation, indulgence and sustainability further than ever before.

The best is yet to come, as Silversea bring you more unique explorations, curated itineraries and extraordinary moments than ever before. Welcome to Silversea.

### 1994: SILVER CLOUD

*Silver Cloud* heralded the birth of Silversea Cruises, named after the famous Rolls-Royce motor car; a symbol of impeccable travel.

### 1996: THE VENETIAN SOCIETY

Venice represents Silversea's iconic Italian heritage and so was the natural birthplace of their famous Venetian Society. This is a community of like-minded individuals who share a passion for authentic travel, while also enjoying the benefits of their status as loyal guests.

### 2008: LAUNCHED THE WORLD'S FIRST ULTRA-LUXURY EXPEDITION VESSEL

### 2017: SILVER MUSE JOINED THE FLEET

She was built by one of the world's leading shipyards, Fincantieri, and showcased the industry's state-of-the-art innovation.

### 2020: SILVER MOON & S.A.L.T.

Half a century after landing on the moon, such passion for discovery inspired *Silver Moon*; transporting guests to faraway worlds and enhancing guests' sense of connection with every destination thanks to the introduction of S.A.L.T. (Sea And Land Taste) – a unique culinary programme.

### 2023 SUSTAINABLE SILVER NOVA

### 2024 SILVER RAY, SEE THE WORLD IN A NEW LIGHT

Bold asymmetrical design creates wide open spaces with vast destination views, while cutting-edge tech ensures environmental respect wherever you sail on board Silversea's second Nova-Class ship.

## Intimate Luxury Ships

With just over 350 suites on their largest ships and some of the most expansive suites at sea, ample public spaces, exquisite fine dining, a personal butler for every suite and superlative service from bow to stern, there is simply no better place between sea and sky. Their ships are small enough to visit exceptional destinations, berthing right in the beating heart of the destination, yet large enough to make sure that everything you could dream of is catered for.

## Personalised Luxury

As you step back on board, your butler is waiting to greet you with a smile and a glass of Champagne. As you step out of the pool, a deck hand has already prepared your towel. As you sit down to dinner, your favourite drink appears as if by magic. With a staff to guest ratio of almost 1:1, Silversea's service remains the jewel in Silversea's crown. Devoted, discreet and experienced, their dedicated staff are the key to turning your trip into a long-lasting memory.

## Shore Excursions

Silversea ensure that you see the best of your itinerary at no extra cost! Every cruise enjoys at least one included shore excursion in every port.

## Complimentary Beverages Everywhere

Enjoy a glass or bottle of Champagne, wine, beer, or premium spirits on the house. Silversea also ensure you're well stocked with water, juices and soft drinks in the public bars and your suite. The Silversea promise is to keep your mini-bar full of your favourite drinks – alcoholic beverages (including wine, spirits and mixers) or cold bottles of water for hot, sunny days! Your butler will replenish daily, but if you want a little extra, just ask. No wish is too big or too small.

# DESIGNED BY LIGHT, CREATED FOR DISCOVERY: Nova Class

Like *Silver Nova* launched last year, the second Nova-class ship, *Silver Ray*, is a guiding light for the future of luxury travel reflecting Silversea's vision to connect you more closely with the world. Both class-leading vessels are icons of innovation, designed with glorious outdoor spaces and glassy interiors that celebrate openness and light. As you gaze through panoramic windows or wander expansive decks, you'll feel the space between you and the outside simply melt away – you might sometimes forget you're on a ship at all. More than a means of travel, Nova-class is a destination in itself.

## Key Features

### Asymmetrical design:

Creates open spaces and views of the destination. The architects have embraced a daring and cutting-edge design with the pool on the ship's starboard side rather than the traditional centre layout. This means that the pool really embraces the view.

### Glass:

Used in public spaces and suites to bring the outside in. Every suite comes with clear balcony views. The three-story Atrium, another first for Silversea, is framed in glass, the elevators are see-through and even the Venetian Lounge has windows on one side to let the outside in.

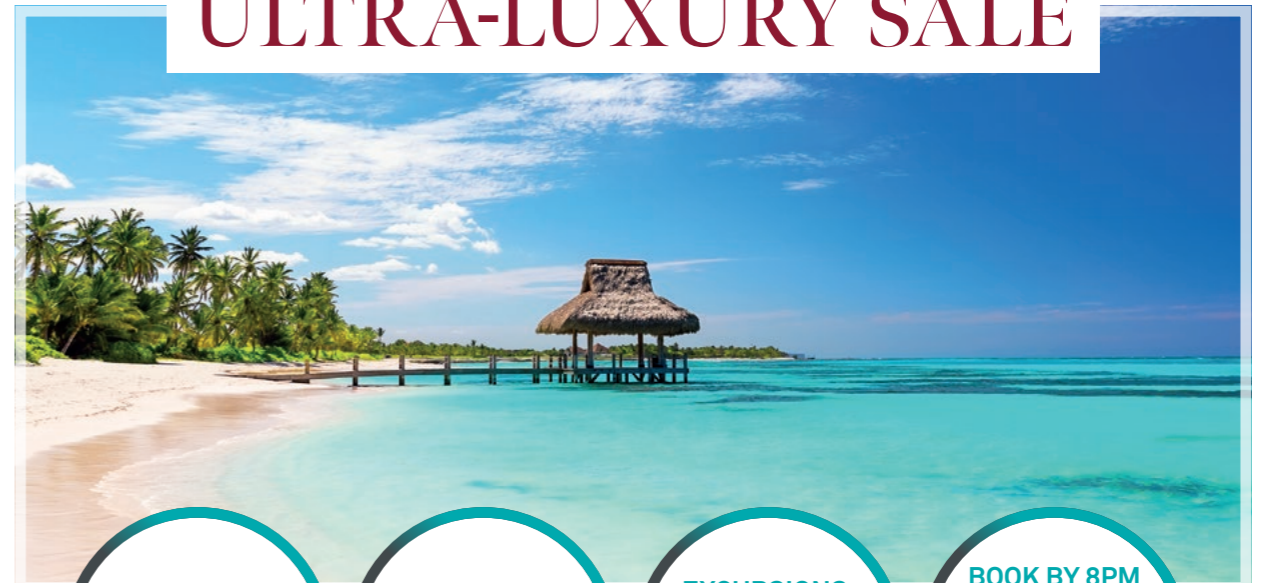

### Passenger space ratio:

Two of the most spacious cruise ships ever built, Nova class ships come out with more elbow room per passenger than almost any other cruise ship operating based on the passenger space ratio – that is, the number of guests relative to the size of the ship (in tonnage). You'll find more loungers and chairs on the pool decks than passengers. Nova class ships offer one of the most personalised levels of service at sea with a crew-to-guest ratio of 1:1.3, including butler service for all suites.

### S.A.L.T. (Sea And Land Taste) experiences:

From market trips and special dinners to cooking demos with award-winning local guest chefs, S.A.L.T. will intensify your voyage, flavour your journey, and preserve your holiday memories for months, and yes, hopefully years.

## Your Voyage Highlights

### THE MIGHTY AMAZON RIVER

The mighty Amazon River, over 6,400kms long, meanders through some of the most extreme natural environments and biologically diverse regions of our planet. Sailing down the wide waters, passing the dense greenery of rainforests, there's never a shortage of magical moments but often the greatest thrill is catching sight of an exotic creature. Look out for pink river dolphins playfully breaking through the water, colourful parrots as they flash through the trees and sloths going slowly about their day. The Amazon is also home to a diverse population of indigenous communities, some of whom are happy to share their culture with visitors, opening up their river-side villages.

### BUENOS AIRES

Passionate, and alive with an infectious crackling energy, the Argentine capital is a breathlessly romantic city, which blends old-world colonial architecture with a down-to-earth Latin American clamour. Famed for steamy tango interplays, and expertly seared steak slabs, a visit to Buenos Aires is a fiery fiesta for the senses.

### PUNTA ARENAS, CHILE

Welcome to Chile's City at the End of The World – a wind-whipped, fractured land of islands, glacial fjords and mountains, which drop away towards Antarctica. Captain Scott stopped here in 1904 and the city welcomed the rescued Ernest Shackleton and his Endurance crew in 1916. The town is built around the Plaza de Armas, its central square - be sure to kiss the toe of the Monumento del Indio Patagon statue, said to guarantee you good luck on your return. Natural wonders abound in the region, whether it's Alberto de Agostini National Park's glacial sculptures, or Torres del Paine National Park's soaring mountains, rushing waterfalls and picturesque lakes.

## Recommended complimentary excursions

### ★ Amazon River - Meeting of the Waters ★

Venturing into the Amazon tributaries is an experience not to be missed, it will provide a close-up look of what the ecology of the Amazon is all about. En route, take in the 'Meeting of the Waters'; a natural phenomenon that has to be seen to be believed.

### ★ Buenos Aires Tango Show ★

Indulge your senses with the sights and sounds of tango dancing, singing and music during this memorable evening excursion.
